25X1

Chief, Career Trainee Division, OTE

SUBJECT:

Revision of Career Training Program

1. The CT training schedule is under review to devise a more efficient program. I invite you to share your observations about the program with us on Wednesday, 25 February 1987 at 0930-1130 hours. We will meet in Room 236 C of C Building.

2. It has been over two years since the revised CT program was implemented, and it is time to take stock. Your contribution at this conference will help us understand what we need to consider in changes that might be made in program design. This will be an important meeting for everyone associated with Career Trainees, so I urge you if at all possible to attend.

3. Please contact [Redacted] in the Management Branch/CTD to arrange parking. Secure line: [Redacted]
